CRISTIANO RONALDO CAMPUS | YOUTH TOURNAMENT
EMERGENCY ACTION PLAN

The Cristiano Ronaldo Campus International Tournament has a medical team consisting of three Doctors, 8 Physiotherapists, headed by Dr. João Pedro Mendonça who, besides being a Doctor of CD Nacional, is President of the Portuguese Association of Football Doctors.

Throughout the tournament there will also be a prevention ambulance with 3 healthcare elements.

During the matches, all fields have a physiotherapist for intervention, they will be properly prevented with materials for first aid. If necessary the athlete will be referred to the medical department for proper observation of the Doctor.

In cases of extreme severity, the athlete will be referred to the Monumental Medical Center or to the Funchal Hospital in the ambulance, accompanied by a team member and an organization member.

In addition to the tournament team, we have a partnership with Monumental Medical Center, with the various specialties required, including:

- Sports Medicine;
- Pediatrics;
- Dentists;
- Immunoallergology;
- Cardiology;
- General surgery;
- Physiotherapy;
- Orthopedics;

All cases with extreme severity will be evaluated and, if necessary, referred to Hospital do Funchal.
